SECTION

1944–1950

PERIOD

1955 - 1991

On International Holocaust Remembrance Day (January 27), we bring attention to archival documents that reflect how the Jewish community in Albania was registered and administered by the State Security after World War II. This section focuses on statistical and descriptive materials, which provide data on the number, geographical distribution, and administrative classification of this community. The files belong to Fund 4 of the State Security and the Ministry of Internal Affairs and cover a time span from 1955 to 1991. They include analytical reports on the contingent of Israelis in Albania, local folders with nominal and biographical data, as well as documentation on procedures for repatriation and final departure to Israel. Together, these materials reflect different phases of the identification, administration, and institutional treatment of the Jewish community by state authorities during the socialist period and in the years of transition.

HEBREW ISRAEL HOLOCAUST

Archival documents on the presence of Jews in Albania before World War II

On International Holocaust Remembrance Day (January 27), we highlight archival documents that reflect how the Jewish community in Albania was registered and administered by the State Security after World War II. This section focuses on statistical and descriptive materials, presenting data on the community's size, geographic distribution, and administrative classification. The files belong to Fund 4 of the State Security and the Ministry of Interior and cover the period from 1955 to 1991. They include analytical reports on the contingent of Israelis in Albania, local files with nominal and biographical data, as well as documentation on procedures for repatriation and final emigration to Israel. Together, these materials reflect different stages of identification, administration, and institutional treatment of the Jewish community by state authorities during the socialist period and the years of transition.

-II-

dha 1 ne 2A.-
 3) Ne rrethina e Sarandes u dhetet me kordinatim person dhe ky ne perpusim 2A.-
 4) Ne rrethina e Gjirokastrës banojne 5 veta nga te cilet nuk ka shprehur ne perpusim.-
 5) Ne rrethet Fier dhe Kufje banojne nga nje person, por edhe keta nuk jane ne perpusim.-
 Si mban perqindjese ne rrethe te tjera nuk banojne asnje person nga radhet e ketij kontingjenti.-
 Përmasat e perkatet aktivitetit amiqesor qe kane zhvilluar e zhvillojne elementet e ketij kontingjenti, ne relacionet qe dergohen rrethet, shikohet se ky aktivitet, shprehset ne propagande e agitacione, ne pshkencimet e tyre ndaj pushtetit, por konkretisht edhe per kete lloj aktiviteti s'ket vetem shikohet per nje perpusim ne 2A.-
 Vlen per tu theksuar se relacionet qe kane aritur nga organet e periferise, jane jashtzakonisht te varfere dhe nuk i eshte bere nje analize e thalle ketij kontingjenti, nuk jane te hague kontaktet, jo vetem kaq, por sic e pomena, Drejtoria e Tiranës dhe Dega e Durresit -ku banojne shumica e ketij kontingjenti- i perqindja urkrit tione sa per te kaluar rrethet dhe s'japin as statistika, as mbi aktivitetin, as per perpusimet ose ku jane perqendruar keta elemente.-
 Duke parur perasysh te gjitha astat negative qe pomenohet ne larte, del se ketij kontingjenti nuk i japin rendesat fare, por i korrin sidorose si elemente qe nuk paraqesin asnje interes per te kontrolluar aktivitetin e tyre.-
 Për te gjitha keto te meta dhe duke pare rendesat qe kane elementet e ketij kontingjenti, te dilet jane baze e rëndësishme e shpallim kapitaliste e sidomos e shpallim Amerikan, nga ana e jone vleresohet si kontingjent me interes operativ per organet tione, prandaj propozohet qe te s'ardhet te merret kete masa:-
 1) Per Drejtorin e Tiranës, Degen e Vlores dhe te Durresit ku jane perqendruar shumica e ketij kontingjenti, te shkruhet persori duke u bere vrejtes lidhur me te metat e konstatuara si mban relacioneve te derguara dhe nga ana tjetere te shikohet ne vend dhe te analizohe matrikulet dhe perpusimet e ketij drejtimi.-
 2) Te shikohet vegriatarija e ketij kontingjenti dhe ne lidhet qe kane krijuar me persona qe jane kontingjente te shpallimve te tjere.-

3) Te shikohet ne Degen e V-lore (si mban listave qe duhet te krijoj periferise) se me cilet shpallimve korrrespondence elementat e ketij kontingjenti nga ku mund te merren te dhena per te perpusuar e shpallimve korrrespondence spionazhi.-
 4) Per te perpusuar aktivitetin e elementave te ketij kontingjenti, duhet te orjeatohet periferia ne te rikurtoje agjenteve nga radhet e tyre, per faktin se ky kontingjent ka veqorit e tij, te cilet lidhen si ne shpallimve, korrrespondence e tj. vetem mids ujeri tjetrit.-
 5) Te kyhen perasysh kontaktet qe kane krijuar ose do te krijojne me Vizitor, Ruzista, Delegacione e tj. ku me ane te tyre mund te nderlidhen me shpallimve perkatet.-
 6) Te pomeniten organet e Periferise qe ne raportet 6 mujore e vjetore te relacioneve ne nje kapitull te veqarte per vegriatarija e ketij kontingjenti me qellim qe harr me harr te behet vleresimi aktivitetit te ketij kontingjenti.-
 7) Nga studimi me i mire qe do i behet aktivitetit te ketij kontingjenti, te pomeniten dy ose tre persona me te rëndësishme per ti ndjekur me fashkuj kontrolli.-
